ACTIVITY REPORT (June 2016 to June 2017)

ABOUT THE TRUST

The trust was formed with the intention of giving a helping hand to people who are in need and suffering in one way or another, for instance old people who are left alone by family or fate who are in need of food, clothing and shelter. Organisation aims to assist people who are below poverty line by giving whatever help they need from time to time like medical attention, medicines and meeting other health problems. Organisation aims to help students who excel in their studies but are unable to continue their studies due to financial constraints and to assist financially throughout their studies and also give moral support.

At present the trust is run by Jayasree Kallat as chairman, Vijith PP as secretary, Sayuj T as treasurer and Jithin KM as one of the trustee. Currently the trust is taking care of 9 students for their academic purposes and monthly donating a sum of Rs 18000 to five needy families.

OUR GRATEFULNESS:

There was a point of time in our lives whether we walk in the light of creative altruism or in the darkness of destructive selfness. The real heroes are the ones who lift up the suffering ones. We believed that we can't help everyone but at least we can help someone .To each and every one who have been with us for the pursuit of a better world, you are changing the fate of nine families. Sometimes it's in the form of, books, exam fees, uniforms, foods, clothes, medicines, shelter etc. .Your act of kindness is like a drop of oil on a patch of dry skin—seeping, spreading, and affecting more than the original need. We are just an interface between suffering people and you, the real heroes who are changing the world.

We are immensely grateful for the faith you have showered on us and that trust is the most propelling power for these nine families.

“If we do not transform the world who will? If not now, when?”

Shobhana is a young mother of two children. She is a widow with no job. She is unable to do any job because of her health issues. To make matters worse they do not have a proper dwelling place. The Omassery panchayath in which she lives is a very remote place. But some of local people have come forward to help this family. The elder son is just a third standard student. OFAN is planning to bring this family under our wings. We want to give proper education to both children and also help the mother to cope her illness. A house is the at most priority now for which we need some amount.
